Mr Scott Ind

Privileged to have grown up in Midhurst; attending Midhurst Primary School, Midhurst Intermediate and latterly Midhurst Grammar School. I was the last head boy at MGS and the first of Midhurst Rother College. I have a keen interest in history and achieved a 1st Class degree from the University of Kent before completing teacher training (PGCE) back home at the University of Chichester. I have taught KS2 in different settings throughout the locality. I am currently the Assistant Headteacher at Midhurst C of E Primary School where I also predominantly teach in UKS2. I have a particular interest in supporting transition and sharing my knowledge of the primary curriculum. I am fortunate to have 2 children, 1 of whom attends MRC in Year 8 while the other is still at a local primary school. I really enjoy the opportunity to collaborate and learn from colleagues in all settings, particularly with the high standards we have here at MRC.
