- Add money to your child's canteen balance.
- Sign up and pay for educational visits.
- Purchase items from the school shop.

To get started head over to (this will be the URL parents/carers always use to access the portal):

All these consents and missing data items can be updated from the Student Profile as well. To do this click on the View Student Profile on the homepage:

Please work your way through this page checking your child's details. Where you see an add button or arrow you can add or amend the data:

Please check the following sections and update as required (where possible we have received the details from your child's primary school):
