2 July 2020

Dear Parent / Carer

Re: Return to School - September 2020

I write to provide a brief update for parents with regard to the new academic year. The government has announced this morning the very good news that all schools will be re-opening in full from September. This means that all students will return full-time.

We have now received the full government guidance about how this will work, and we are currently finalising our plans for how we will deliver this at Midhurst Rother College. At all times, the safety, health and well-being of pupils and staff will be of the greatest importance and we will be ensuring that everything needed is put in place over the summer.

Our intention is that the school will run as normally as possible within the guidance. There will be some restrictions that will impact on this and I will write to you again next week with specific details of how these will work. In that letter we will also confirm arrangements for the very beginning of term.

I look forward to welcoming back all our current students when term begins, and this welcome is of course also warmly extended to our new Year 7 students who will join us. In the meantime, please do continue to ensure your child continues with their online learning or, if in Years 10 and 12, that they attend school when required until the end of term.

Yours sincerely

Stuart Edwards
