5 October 2022

Dear Parent/Carer

Seneca online learning

You will be aware that at MRC we are using Seneca Learning as part of supporting your child's online learning. Seneca is a fantastic resource that offers high-quality online learning courses for students to study from a computer, tablet or phone. Seneca has a proven track record of improving student understanding and attainment.

Seneca also provides free parent accounts. These parent accounts allow you to track your child's learning and help make conversations about school and learning easier. It lets you see how long your child has spent on their different subjects, their average score and number of questions answered. The accounts also allow you to learn alongside your child if you wish to do so. This might be helpful in supporting you to work with your child on areas of their work that you are less familiar with.

You can sign up for a free Seneca parent account here: <https://app.senecalearning.com/parent>.

Attached to this letter is a simple step by step guide to help you complete the process and start to support your child's Seneca online learning.

If you have any questions about this, or would like some further support with setting up a parent account, please contact me via richard.bentley@mrc-academy.org and I will be happy to help.

Yours sincerely

Mr Richard Bentley

Principal: Stuart Edwards
