

# Midhurst Rother College

The best in everyone™

Part of United Learning

13 December 2021

Dear Parent / Carer

I do hope that this finds you all well. The MRC Maths department would like to bring to your attention that the Mid-Year United Learning maths assessments will be taking place in the four weeks following the Christmas break for Years 7, 8, 9 and 10. All students have had a revision booklet added to MS Teams by their relevant class teachers and we would like students to spend some time working on this over the holiday. In order to make time for this, no online homework (Sparx or Hegarty) will be set over the holiday period and this will resume the first week back. These websites may be useful to support independent learning as clips are listed in the booklets themselves. An answer booklet is also provided to allow students to check their work. In addition, some revision sessions may be run in College as the assessments draw closer, but these should not be the only revision relied upon and we encourage students to work independently.

These United Learning assessments, along with other data collected throughout this term (including KPI tests, topic tests, in class work, Hegarty Maths and Sparx homework tasks) will help us review our current sets and make any adjustments we feel are necessary to ensure all students continue to make progress.

We would like to say that we have been very impressed with the hard work we have seen in College so far this year and would like to take this opportunity to wish you all a happy and healthy Christmas and New Year.

If you have any further queries, please contact your child's maths teacher in the first instance.

Best wishes on behalf of all the Maths team at Midhurst Rother College.

Yours sincerely

Mrs Julie Lawrence  
Acting Head of Mathematics

**Principal: Stuart Edwards**
