PRINCIPAL'S MESSAGE

It seems like a long time ago already, but we held a mock General Election in school last week. Students learned about our democratic process in the UK and the chance to vote. The turnout was higher than the national picture. Overwhelmingly, the Green Party were the winners coming in a very clear first place.

It is Activities Week this week in College and my message to you is deliberately brief to save space for photos of students. As well as residential visits in the UK and abroad and work experience for Year 10, our students have been on day trips to various local places of interest. I would like to thank all the staff who supported and arranged the various activities this week. We are back to normal for the last week of term next week – back to learning in classes, in full uniform.

I would also like to let all parents / carers know that we have no teaching staff leaving this summer.

With best wishes.

Stuart Edwards
Principal

ATTENDANCE

Awards and Competitions

As part of our daily and weekly routines, we have been running attendance competitions between form groups, year groups and the four Houses. By simply attending, your child has been contributing to the success of these different groups as well as accessing their learning and making progress.

This year, we were very excited to introduce an individual competition where those students whose attendance is at 96% or above by the end of the academic year would be entered into a prize draw and could win cinema vouchers for a year, a bike, or a Nintendo Switch games console.

In order to capture the full year, and to avoid any disappointment, we are writing to inform you that the draw for this competition will be held in the opening few weeks of September. After the draw is complete, we will contact the families of the lucky winners and make arrangements for prizes to be awarded.

Well done to:

STUDENT RECEPTION

Students Piercings and Hair Colour

As the end of term draws nearer, we know some of our students are planning new piercings and hair colours for the summer holiday. A polite reminder from us that piercings (other than the lobe of the ear) need to be removed for the new academic year, and hair needs to have returned to its 'natural colour'

Sanctions will apply if not, so your support is appreciated. For details of what is acceptable, please refer to our policy: [Uniform policy.pdf \(mrc-academy.org\)](#)

YEAR 11

Year 11 Prom

Along with many Year 11 teachers, Mrs Silverthorne was pleased and proud to celebrate the hard work of her year group at Prom last week.

The Class of 2024 missed out on a few treats when they were younger, like the trips and activities enjoyed by students this week at MRC. COVID struck and Lockdown ensued just as these students settled fully into secondary school, so it was extra special to party with them at Old Thorns Hotel and mark the end of this stage of their education.

The students looked so smart and grown up! As usual, they arrived in all manner of vehicles before enjoying a three course dinner, speeches, awards, photos and a disco.

College certainly is quiet without these young people and we look forward to welcoming many of them back into MRC Sixth Form next term. Whatever future path the students choose, we wish them every success. We shall next see them on the morning of Thursday, 22 August, when they collect their GCSE results. Good Luck everyone!

MATHS DEPARTMENT

A Message from the Maths Team

The Maths department would like to take this opportunity to acknowledge all our students' hard work both in class and on Sparx Maths during this academic year, together with a huge thank you to you, for all your support at home.

We appreciate getting students motivated to complete homework is never an easy job, but the Sparx questions do support the work we do in class and ensures these skills are strengthened. Our Rewards Afternoons have allowed us to celebrate the extra efforts students make on a regular basis and we look forward to repeating this next year.

The recent End of Year Maths Assessments, together with other assessments from throughout the year have helped us review and revise some of our Maths sets for September. Please be assured that any changes made have been carefully considered and are in the best interests of the individual student's progress.

In preparation for next academic year, we have provided on Arbor, a list of the first topics that will be taught in each year group, so that students have the opportunity to look at these on Sparx Maths to help them prepare. As always, any additional work logged on Sparx and completed over the summer will be rewarded with Golden Tickets for the prize draws when we return.

If you have any further queries, please contact your child's Maths teacher in the first instance.

We wish you all a restful summer break.
