Every effort will be made to ensure that as many students as possible are successful in getting their first choices. However, if too few students opt for a subject or a combination is not possible, it may be necessary for a student to choose a further reserve choice. In this case the student will sit down with a senior member of staff to discuss the matter.

Where BTEC and GCSE versions of the same subject are available, you may be changed between these if your teachers feel it is more appropriate. Circle which one you would prefer.

*You can only be allocated one of Art and Textiles. If you tick and number both, please choose an extra reserve (number 6).

Require certain entry grades

I am interested in pursuing the following career:
