

**Midhurst Rother College**

The best in everyone™

Part of United Learning

My family and I moved to the area eight years ago. I have two children who are both now at MRC having attended local nursery and primary schools

**Employment:** I work for Chichester District Council where I guide and support businesses in the area and those looking to relocate into the area. I really enjoy my job; it is so varied, and no day is ever the same. In the morning I could be discussing funding with a micro business and the afternoon could be having a meeting with an international company that employs thousands of people.

**Skills/attributes:** I have an analytical and objective approach to problem solving, much of which involves good communication. I am not afraid to question senior members decisions, in a respectful way and am always keen to learn new things.

**Interests:** Reading, walking, discovering new places to visit and dancing around the kitchen while cooking – which is not supported by my children at this time.
