

Midhurst Rother College Sixth Form

Year 12 Futures Information Evening Calendar

17th March – 28th April 2021

UNIVERSITY OF
PORTSMOUTH

UCAS and Personal Statements

17th March 4pm

Megan Slaney, Student Recruitment and Outreach, University of Portsmouth

Ms Slaney will speak to the students about deciding on a university and courses, and then give further insight into how to prepare and write a personal statement, including important details and giving the university a clear view of the candidate.

Careers in Science

24th March 4pm

Dr Glenn Goodall, Head of Economic Impact, Engineering and Physical Research Council

Dr Goodall will talk about the process of applying for science degrees and his own career. He will give an insight into applying for science degrees and how to successfully prepare for science qualifications. He will also talk about the best preparation for students who intend to go on to study science.

Oxford Application Success

31st March 4pm

Felix Slade, Deputy Director of OxNet, Pembroke College, Oxford

Mr Slade will talk about the importance of subject choices when applying to Oxford. He will also cover how to achieve success in the application process and what you can do to improve your chances. Mr Slade will provide students with a range of free resources and guidance on optimising success in the Oxford application process.

Immersive Data World – The Future is in your Web Browser

21st April 4pm

Dr Peter Butcher, Research Officer in Visualisation, Visualization, Modelling and Graphics Research Group, Department of Computer Science and Electronic Engineering, Bangor University

Dr Butcher will give a sample Computer Science lecture on the above topic. All students are welcome, particularly those interested in Science, Mathematics, and Computer Science courses.

Careers in Medicine

26th April 4pm (date to be confirmed, this talk was re-scheduled due to a technology issue)

Dr Andrew Morley, Consultant Anaesthetist, St. Thomas' Hospital, London

Dr Morley will cover the process which you go through as a potential medical student candidate. He will also talk about the advantages and disadvantages of a career in medicine and give an overview of careers in medicine. This will include time for questions and answers at the end of the session.

Getting into Teaching and Careers in Education

28th April 4pm

Dr Rachel Roberts, Lecturer in Secondary Education, University of Reading

Dr Roberts will introduce students to the world of education. Having been a teacher in Secondary education herself, she will discuss the advantages of a career in teaching and the possible routes that students can take into this vocation.

Updates coming soon regarding apprenticeships talks and other speakers. If you would like to attend any of these talks and you are not sure if you signed up, please email Mr Valente as soon as possible.
